CTTC Program Overview

Detailed session titles, descriptions, times, and speaker information can be found at <http://ctc.osu.edu>

TUESDAY, MARCH 14

General Session sponsored by **Calmer Corn Heads, Pioneer, Meristem, Brandt Products** (Room A: 8:30 to 9:45)

- Welcome and Awards by *American Agriculturist* magazine and Ohio Certified Crop Advisers
- Keynote: *Six Profit-Boosting Tips for High-Yielding Corn*, David Hula, Virginia

Agronomic Crop Management sponsored by **Calmer Corn Heads, Pioneer, Brandt Products, Meristem** (Room A: 10:00 to 5:30)

Disease Management; Q&A with David Hula and co-sponsors; Corn Abiotic Stress Factors

Nutrient Management sponsored by **The Andersons** (Room B: 10:00 to 5:30)

Yield Impact of Destratification – Marion Calmer of Calmer Corn Heads; Manure Plot Results and Expectations; Poultry Litter Utilization; Innovations that Improve Nutrient Utilization; Working with Avian Influenza; ODA Manure Update; Variable Rate Manure Application; Next Level Nutrient Planning; Temporary Dams for Ditches; Black Gold in Manure Lagoons; Weed Seeds in Poultry Litters

Precision Ag and Technology sponsored by **Farm Science Review** (Room C: 10:00 to 5:30)

Precision Ag Economics and Decision Making – Jordan Shockley of UK; Drone Delivery of Crop Inputs; Precision Ag and H2Ohio; eFields: Precision Ag and Soil Health;; Farmstead Automation for Grain Production; Planter Technology; Ag Tech to Improve Conservation Panel

Soil Health, Cover Crops, and No-till sponsored by **AgCredit** (Chapel: 10:15 to 5:15)

Corn Residue Breakdown – Brad Bergefurd, Brandt; Micronutrients in the Soil; Wattercutter Farm Soil Health Journey; How Soil Health Practices Affect Soil Structure; Edge of Field Studies on Soil Health; Nitrogen and Cover Crop Research; Climate, Interseeding, and Drought Stress Panel

WEDNESDAY, MARCH 15

Agronomic Crop Management sponsored by **Seed Consultants & Farm Science Review** (Room A: 8:30 to 4:30)

Disease Management; Biologicals: Seed Treatment for Soybeans; Weed Management; Spring Challenges and Planting Considerations

Water Quality and Conservation Practices sponsored by **The Nature Conservancy** (Room B: 8:30 to 4:30)

Regional Conservation Adaptations; Using ACPF Information in Conservation Planning; Water Quality Differences Across Watersheds; In-stream Sources and Sinks of P in the Maumee; Two-stage Ditch Water Quality Impacts; Perennial Crop Impacts on N and P Losses; OACI Practice Survey; H2Ohio Practice Implementation; Implementing TMDLs through partnerships and Funding Opportunities; Regional Approach to Conservation Planning and Implementation

Sustainable Agriculture: Climate and Carbon (Room C: 8:30 to 3:30)

Climate Change Effects and Carbon Storage; Active C and SOC Sequestration; Soil Carbon Marketing for Farmers; Legal Developments in Carbon and Conservation Markets; Legal Issues with Soil and Wind Energy on Farmland

Soil Health, Cover Crops and No-Till sponsored by **AgCredit** (Chapel: 8:30 to 4:30)

Economical Ways to Maximize Cover Crop Benefits; Stratification of Nutrients and Climate Change; Soil Health and Cover Crops; Cover Crop Mixtures and Soil Health; Cover Crops and Weed Pressure; Integrating Biologicals for Soil Health Management; Producer Panel on Soil Health and Cover Crops; Humates

Certified Crop Advisor (CCA) and Certified Livestock Manager (CLM) credits are available both days.

CTTC offers attendees:

- 50+ presentations with exclusive video access following the conference featuring speakers from:
 - Academia (37+) including Purdue, University of Kentucky, University of Missouri, Waterloo, Penn State, Ohio State, NCSU, Heidelberg, Kentucky State, University of Michigan
 - Industry (13+)
 - Governmental Agencies (10+)
 - Farmers (6+)
- On-site lunches and refreshments
- Vendor trade show
- Q&A with David Hula

CTTC Would Like to Thank Our 2023 Major Supporters:
